OBJECTIVE

My goal is to sharpen my skills related to Web Design and Development, User Interaction and Project Management. To find the proper settings and environment that will allow me to tap into my full creative potential. To work on challenging projects that will force me to push my limits further and further.

WORK EXPERIENCE

Sr. Web Designer/ Developer [July 2008 – present]

Webfusion SRL, Iasi – Romanian branch of Webfusion Ltd. (www.webfusion.co.uk)

Responsibilities:

front-end coding, website maintenance and development, interface design, HTML email design

Details

I joined GX Networks/Webfusion in July 2008 as Senior Web Designer and Developer, when the Romanian branch was just starting to emerge. The main task was the consolidation and development of the New Media team, that grew from 2 people (at my arrival) to 5 at the end of the year. I was the Team Leader until late spring 2009, when I was reassigned as Senior Web Developer.

The most important achievement at this job it was designing and coding the interface for the support system used on all four major brands of the company (Webfusion UK, Webfusion US, Donhost and 123-reg). Another major project I am working on at this moment is designing and coding the interface for an inhouse email campaign distribution system.

Major projects

Webfusion Support interface (<http://www.webfusion-support.co.uk/>)

123-reg Support interface (<http://www.123-support.co.uk/>)

Donhost Support interface (<http://www.donhost-support.co.uk/>)

Relevant skills

XHTML, CSS, Photoshop, interface design, jQuery (javascript), AJAX

Freelance Web Designer and Developer [January 2004 – present]

Personal portfolio site: www.tridentdesign.com

Responsibilities

website design, front-end coding(XHTML, CSS, javascript/jquery), server-side coding (PHP, MySQL), CMS Integration and maintenance; identity design; project management; client liaison.

Details

I specialize in website design and development, bringing together in synergy the creativity of the artist with the analytical mindset of the coder. This is one of my greatest assets, because I understand best both sides of the coin and I am able to approach a project from various directions.

My personal portfolio can be seen at: <http://www.tridentdesign.com>

Major projects

7touch Group (<http://www.7touchgroup.com/>)

Genetibase (<http://www.genetibase.com/>)

“C. Negruzzi” Highschool (<http://www.colegiulnegruzzi.ro/>)

Relevant skills
